Index

1965-1967

Page numbers of symposium and clinic titles are given in **boldface** type.

- ABSCISS, dentoalveolar, diagnosis and treatment, 1967: Nov., 528
periapical, 1965: November, 577
pericoronal, 1965: November, 578
periodontal, 1965: November, 577
- Abutment(s), inlays as, in bridges for adolescents, 1966: March, 152
molar, tilted, 1965: March, 25-32
posterior, double, for fixed appliance, 1967: March, 59
preparation, for anterior three-quarter crown, 1965: March, 43-56
selection of, 1965: March, 123; July, 461-465
- Access cavities, in endodontics, 1967: Nov., 701-710
preparation of, 1967: Nov., 703-707
- Accountant, public, effective use of, 1965: July, 323
- Accounting, cash method vs. accrual method, 1967: July, 327
cost, applications to dental practice, 1967: July, 298-302
peg board, 1967: July, 296
responsibility of auxiliaries in, 1966: Nov., 647-656
- Acetophenetidin, effects and toxicity, 1965: November, 735
- Acetylsalicylic acid. See *Aspirin*.
- Achondroplasia, effect on mandibular growth, 1966: Nov., 595
- Achromycin. See *Tetracycline*.
- Acid penetration, of restorations, effects of varnishes, 1965: March, 161-164
- Acromegaly, mandibular enlargement in, 1966: Nov., 599
- Acrylic appliances, laboratory procedures for, 1966: July, 371-373
- Acrylic band tray technique, for impressions in crown and bridge prosthesis, 1965: March, 35-37
- Acrylic resins, biophysical effects, 1965: March, 144
- Acrylic resins (*Continued*)
biophysical effects, in denture construction, 1965: March, 251-262
in restoration of anterior teeth in children, 1966: July, 365-369
- Acrylic veneer crowns. See *Crown(s)*.
- Actuarial data, accumulation and analysis of, 1967: July, 291-302
- Adaptation syndrome, general, 1966: March, 12
- Addison's disease, emergency treatment of, 1965: November, 712
- Adenoameloblastoma, in children, 1966: July, 430
- Adenoids, visualization of, by roentgen-cephalometry, 1966: March, 215
- Administration, definition of, 1967: July, 358
- Administrative assistant, value in dental office, 1966: Nov., 649
- Adolescent, crown and bridge for, 1966: March, 149-160
psychologic aspects of treatment in, 1966: July, 449-461
- Adolescent clinics, development of, 1966: July, 451-453
- Adrenal insufficiency, effects on dental treatment, 1965: November, 549
symptoms and treatment of, 1965: November, 712
- Adrenalin. See *Epinephrine*.
- Adrenosem, use in hemorrhage, 1965: November, 672
- Agar hydrocolloids, advantages of, 1965: March, 214
- Aging, physiologic changes in, 1965: March, 136-138
- Air firing, versus vacuum firing, in porcelain fused to metal restorations, 1965: March, 247
motion of, application to evacuative systems, 1967: July, 370-373
pressure pot, 1967: March, 39

- Airway, emergency, establishment of, 1965: November, 613-622, 652-658
- Albamycin. See *Tetracycline*.
- Alginate hydrocolloids, advantages of, 1965: March, 215
- Allergic reactions, to commonly used drugs, 1965: November, 755-768
to local anesthetics, 1965, November, 593, 597
- Alloy(s), for amalgam restorations, selection of, 1967: March, 221
for porcelain fused to metal restorations, physical properties, 1965: March, 244
- Alphaprodine, 1965: Nov., 733
- Alveolar process, fractures, during operative procedures, 1965: November, 638
resorption in occlusal traumatism, 1966: March, 82
- Alveoli, pulmonary, as factor in respiratory obstruction, 1965: November, 603
- Alveoplasty, esthetic considerations, 1967: March, 30
- Amalgam, 1965: March, 185-197; 1967: March, 213-228
carving of, 1967: March, 227
composition of, 1967: March, 213
condensation of, 1967: March, 224-227
condensers, modifications of, 1966: July, 353
phases, role of, 1967: March, 214
physical properties of, 1967: March, 215-218
reinforcement of, 1967: March, 232-234
restorations, biophysical effects, 1965: March, 139
efficient techniques in, 1965: July, 345-347
of primary molars, 1966: July, 350
problems associated with, 1967: March, 219-221
retention for, 1967: March, 230
technical procedures for, 1967: March, 221-227
strength of, 1967: March, 217
threaded pins used with, techniques, 1967: March, 234-243
trituration, 1967: March, 223
- Amelogenesis imperfecta, hereditary, 1966: July, 437-447
- Aminopyrine, 1965: November, 735
- Anachoresis, mechanisms of, 1967: Nov., 555
- Analgesics, in endodontics, 1967: Nov., 624-626
- Anaphylaxis, 1965: November, 759-761
- Anatomy, esthetics of, 1967: March, 94
- Anesthesia, definition of, 1967: Nov., 615
endotracheal, 1966: July, 271-274
- Anesthesia (*Continued*)
general, emergencies in, 1965: November, 601-612
in hospital pedodontic practice, 1966: July, 266-279
in pregnant patient, 1965: November, 631-633
local, complications from, 1965: November, 591-599
pedodontic, preparation for, 1966: July, 317-324
postinjection instructions, 1966: July, 323
- Anesthesiology, in endodontics, 1967: Nov., 615-622
- Anesthetics, general, effects and toxicity, 1965: November, 741
local, 1965: November, 742
in endodontics, 1967: Nov., 617
injection techniques, 1965: Nov., 594-596; 1967: Nov., 618-622
reactions to, 1967: Nov., 616
selection of, 1966: July, 313
topical, in endodontics, 1967: Nov., 617
pre-injection use of, 1966: July, 312
- Anesthetic gases, transplacental effects of, 1965: November, 627
- Aneurysmal bone cyst, in children, 1966: July, 428
- Angina pectoris, effects on dental treatment, 1965: November, 551
emergency treatment of, 1965: November, 714
- Angioneurotic edema, 1965: November, 583
- Anileridine, clinical effects and toxic reactions, 1965: November, 733
- Aniline derivatives, clinical effects and toxic reactions, 1965: November, 735
- Ankylosis, of temporomandibular joints, radiographic appearance of, 1966: Nov., 573
treatment of, 1966: Nov., 604
- Antacids, effects and toxicity, 1965: November, 750
- Anterior teeth, permanent, emergency treatment of injuries to, 1965: November, 703-710
- Antibacterial agents, in endodontics, 1967: Nov., 626-628
- Antibiotics, 1965: November, 744-747
intracanal use, 1967: Nov., 609
- Anticoagulants, in dental surgery, 1965: November, 677
influence on dental treatment, 1965: November, 731
- Anticonvulsants, effects and toxicity, 1965: November, 748
- Antihistaminic drugs, 1965: November, 740
in endodontics, 1967: Nov., 629

- Anti-inflammatory agents, in endodontics, 1967: Nov., 628-631
- Antiseptic(s), effects and toxicity, 1965: November, 751
- Antrum, root tips in, removal of, 1965: November, 688
- Anxiety, and pain, 1966: Nov., 611
control of, in endodontics, 1967: Nov., 615
- Apex, straight-line access to, 1967: Nov., 701
wide-open, endodontic treatment of, 1967: Nov., 689-699
- Aphthae. See also *Ulcers*.
- Bednar's, in newborn, 1966: July, 423
- Apical foramen, location of, related to endodontic treatment, 1967: Nov., 495-499
- Apical scar, incidence and diagnosis, 1967: Nov., 526
- Apicoectomy, 1967: Nov., 756
- Apnea, as general anesthetic emergency, 1965: November, 605-607
- Application form, for employment in dental office, 1966: Nov., 679
- Appointment book, keeping of, 1966: Nov., 722
control, for adolescent patient, 1966: July, 456
for handicapped children, 1966: March, 25, 30
forms for, 1967: July, 433
scheduling, criteria for, 1967: July, 406
- Aptitude tests, for prospective employees, 1966: Nov., 684
- Arrhythmia(s), cardiac, as general anesthetic emergency, 1965: November, 610
sinus, diagnosis of, 1965: November, 772
- Arterial bleeding, major, emergency management of, 1965: November, 791
- Arterial spasm, as general anesthetic emergency, 1965: November, 611
- Arthritis, of temporomandibular joint, 1966: Nov., 604, 621-626
- Arthrosis, of temporomandibular joint, treatment of, 1966: Nov., 604
- Asepsis, in endodontics, 1967: Nov., 567-578, 713
- Aspirating syringe, use of, 1966: July, 310
- Aspiration, of foreign bodies, as operative emergency, 1965: November, 648
- Aspirin, allergic reactions to, 1965: November, 755
effects on coagulation, 1965: November, 667
in endodontics, 1967: Nov., 624
- Assistant, dental. See also *Auxiliary personnel*.
as detective, 1966: Nov., 639-646
- Assistant, dental (*Continued*)
compared to Licensed Practical Nurse, 1966: Nov., 707
education of, 1965: July, 325; 1966: Nov., 657-666, 690, 714, 734-736
effective use of, 1965: July, 325-328
methods of employing, 1966: Nov., 678
role in establishing credit of new patient, 1966: Nov., 640-646
- Associations, professional, as form of group practice, 1967: July, 347
- Asthma, emergency treatment of, 1965: November, 716
- Asthmatic attacks, following local anesthetics, 1965: November, 594, 598
- Atrial fibrillation, diagnosis of, 1965: November, 772
- Attorney-dentist privilege, 1965: November, 818
- Audiovisual aids, in pedodontic practice, 1966: July, 502
in preventive dentistry, 1965: July, 530
- Autoclave, use in endodontic practice, 1967: Nov., 569
- Automobile, use for business purposes, tax deduction for, 1967: July, 332
- Auxiliary personnel. See also under specific types, e.g., *Assistant*.
arrangement of equipment for, 1965: July, 326-328
education of, 1965: July, 269; 1966: Nov., 657-666, 690, 729-738; 1967: July, 401-403
effective use of, 1965: July, 319-329
evaluation of, 1966: Nov., 696
expansion or limitation of duties, 1966: Nov., 711-717
for recently graduated dentist, 1966: Nov., 667-676
forms for, 1967: July, 434
future role of, 1966: March, 97-106
in group practice, 1967: July, 348-350
laws concerning use of, 1965: July, 320; Nov., 806; 1966: Nov., 703-710
methods of securing, 1966: Nov., 650-652
need for, 1965: July, 308; 1966: Nov., 677
qualifications for, 1966: Nov., 683
responsibilities in recall, bookkeeping, accounting, and collection, 1966: Nov., 647-656
role in patient education, 1965: July, 531
selection of, 1966: Nov., 677-687
symposium, 1966: Nov., 637-738

- Avitaminosis B complex, oral manifestations of, 1965: November, 587
- Avitaminosis C, oral manifestations of, 1965: November, 587
- Avulsion, of permanent anterior teeth, emergency treatment of, 1965: November, 708
- BACTERIAL infections, local, of oral cavity, 1965: November, 585
- Bad debts, tax deduction for, 1967: July, 332
- Bands, for primary anterior teeth, stainless steel in, 1966: July, 360
- Bank plans, for financing dental care, 1966: Nov., 639
- Barbiturates, 1965: November, 736
- allergic reactions to, 1965: November, 758
- as premedication, 1965: July, 446
- in endodontics, 1967: Nov., 624
- Bases, for cavity preparation. See *Cements*.
- Bednar's aphthae, in newborn, 1966: July, 423
- Benzalkonium chloride, effects and toxicity, 1965: November, 753
- Benzoyl peroxide systems, characteristics of, 1967: March, 206
- Bezel, in full shoulder preparation, 1965: March, 85
- Bicuspid. See *Premolar*.
- Bifurcation involvements, in pulpless teeth, 1967: Nov., 649
- Binocular magnifier, 1965: July, 334
- Biomechanical endodontics, procedures in, 1967: Nov., 592-600
- Biopsy, compared with cytology, 1965: July, 432-434
- in oral diagnosis and treatment planning, 1965: July, 429-434
- indications for, 1965: July, 429
- technique, 1965: July, 430
- Blast injuries, emergency treatment of, 1965: November, 797
- Bleaching, of endodontically treated teeth, 1967: Nov., 655-662
- Bleeder, potential, evaluation of patient as, 1965: November, 668-671
- Bleeding, arterial, major, emergency management of, 1965: November, 791
- as complication of local anesthetics, 1965: November, 593
- classification of, 1965: November, 671
- time, test for, 1965: November, 670
- Blind child, pedodontic care for, 1966: March, 21-34
- Blood count, normal test values, 1965: November, 670
- Blood (*Continued*)
- dyscrasias, management of, 1965: November, 670, 675
- oral manifestations of, 1965: November, 588
- pressure determination, equipment and technique, 1965: Nov., 554, 773-775; 1966: March, 95
- vessels, injuries to, during operative procedures, 1965: November, 646
- Bodily injury, liability insurance against, 1967: July, 282
- Bone chisels, advantages and disadvantages of, 1965: November, 683
- considerations in planning oral surgical procedures, 1965: July, 478
- differences from dentin, 1965: March, 132
- injuries to, during operative procedures, 1965: November, 638-641
- lesions, in periodontal disease, 1965: March, 121-126
- of endodontic origin, 1967: Nov., 521-533
- marrow studies, in blood dyscrasias, 1965: November, 671
- methods of cutting, 1965: November, 683
- reparability of, 1966: March, 81
- wax, use in hemorrhage control, 1965: November, 674
- Bookkeeping, responsibility of auxiliaries in, 1966: Nov., 647-656
- Boric acid, effects and toxicity, 1965: November, 752
- Brain tumors, symptoms of, 1965: November, 575
- Breathholding, in general anesthesia, 1965: November, 606
- test, for dental patient, 1965: November, 555
- Bridge(s). See *Denture, partial, fixed and Crown and bridge*.
- Brittleness, in dental materials, 1965: March, 151
- Broaches, in endodontics, abuses of, 1967: Nov., 600
- manufacture and use, 1967: Nov., 580-584
- Broken needles and instruments, as operative emergency, 1965: November, 647
- Bromide(s), 1965: November, 738
- Bronchial asthma, emergency treatment of, 1965: November, 716
- Bronchospasm, causes and treatment of, 1965: November, 604
- Bruxism. 1966: Nov., 631
- Bruxo-facets, 1966: Nov., 632
- Burglary, insurance against, 1967: July, 283

- Burn(s), degrees of, 1965: November, 798
of oral mucosa, 1965: November, 582
treatment of, 1965: November, 799
- Burs, surgical, types and uses of, 1965: November, 683
- Business management, role in practice administration, 1966: Nov., 719-727
taxes, income tax deductions for, 1967: March, 333
- Butazolidin. See *Phenylbutazone*.
- CABINETS, accessories for, 1965: July, 295
mobile, for chairside efficiency, 1965: July, 291-301
storage, efficient arrangement of, 1965: July, 296
- Caffey's disease, in infants, 1966: July, 431
- Calcific degeneration, of root canal, surgical correction, 1967: Nov., 761
- Calcification, pulpal, 1966: July, 379
as complication in endodontic treatment, 1967: Nov., 707
- Calcium, dietary, as factor in caries, 1966: July, 293
- Calcium hydroxide, use in pulp capping, 1965: July, 375
use in pulpotomy, 1965: July, 379; 1966: July, 382-384
- Camera studies, for efficient practice, 1965: July, 275
- Canker sores. See *Aphthae, recurrent*.
- Capital, as business aspect of dentistry, 1967: July, 357
- Carbohydrate(s), as substrate for bacteria in caries, 1966: July, 283
cariogenicity of, 1966: July, 293
- Cardiac arrest, as general anesthetic emergency, 1965: November, 610
- Cardiac arrhythmias, as general anesthetic emergency, 1965: November, 610
- Cardiac massage, in maxillofacial injuries, 1965: November, 660
- Cardiac tamponade, emergency management of, 1965: November, 793
- Cardiogenic shock, causes and treatment of, 1965: November, 786
- Cardiopulmonary arrest, 1965: November, 719-726
- Cardiopulmonary resuscitation, 1965: November, 720
- Cardiovascular and other medical emergencies in dental office, 1965: November, 711-717
- Cardiovascular diseases, effects on dental treatment, 1965: November, 549-553
- Cardiovascular drugs, influence on dental treatment, 1965: November, 729
- Cardiovascular emergencies, with general anesthesia, 1965: November, 608-611
- Caries activity, tests for, 1966: July, 285-287
animal, transmissible factor in, 1966: July, 282
as cause of space loss, 1965: July, 485
bacterial component of, 1966: July, 282
control during orthodontic procedures, 1966: March, 171
effect of compacted gold restorations, 1967: March, 179
effects of pregnancy, 1965: November, 628
effects of water fluoridation on, 1966: July, 287-289
